

Hello

My Name is Valerie Krebs I live in Iron Ridge WI. I live on a small hobby farm with a small beef cow operation we have 15 cows that we breed for club calves for our local fair. We also have participated at the world beef expo the last couple of years, we have always enjoyed our experience at the world beef expo and would love to be more involved in it as a volunteer to help others along the way. To tell you a little about myself I am from Iron Ridge Wi. Having cattle is a hobby along with my horses I love being around animals. For work I do Construction pouring concrete and recently been putting up pole barns. I would really enjoy being part of the team at the World Beef Expo.
